EXPERIENCE

React Native Developer

Chop Dawg

06/2022 - Present Remote, Philadelphia

- Translated design concepts into functional user interfaces and interactive components for mobile applications.
- Analyzed market landscape to identify gaps and opportunities; implemented strategic app improvements that led to a 25% increase in user retention and a 10% boost in in-app purchases.
- Collaborated with cross-functional stakeholders, including product owners, project managers, and developers, to streamline integration processes, resulting in a 25% reduction in development time and improved product quality.

React Native Developer

Freelance

2020 - Present Remote

As a freelance developer, I have successfully delivered impactful solutions across diverse projects:

- Demonstrated proficiency as a Freelance Developer with a proven track record.
- Successfully contributed to various freelance projects, showcasing adaptability and solution finding.
- Committed to delivering high-quality, tailored solutions to meet client requirements.
- Established reliability and commitment, ensuring the successful completion of projects.

React Native Developer

Tibb

10/2021 - 06/2022 Remote, Pakistan

- Contributed significantly to the development of Tibb, a comprehensive patient management app.
- Specialized in working with React Native and GraphQL technologies for the Tibb product.
- Played a major role in enhancing the app's functionality, including the incorporation of detailed medical visits, lab reports, and imaging features.
- Successfully implemented new features in both the mobile (React Native) and web (ReactJS) versions of Tibb.

React Native Developer

HelloWorld Technologies

08/2018 - 06/2021 Pakistan

- Applied React Native skills to create robust and responsive mobile applications.
- Successfully integrated third-party APIs, including Google Maps, Firebase, OneSignal, and REST APIs.
- Enhanced app functionality by leveraging the power of external APIs.
- Demonstrated a hands-on approach to learning and applying technologies in real-world app development scenarios.

Web Developer (PHP)

HelloWorld Technologies

10/2016 - 05/2018 Pakistan

- Initiated career journey by acquiring skills in web design and back-end development.
- Actively engaged in practical application with PHP and MySQL technologies.
- Illustrated dedication and adaptability throughout the learning process.

EDUCATION

Bachelors in Computer Science

Islamia University of Bahawalpur

2015 - 2019

Intermediate (12th)

Khawaja Fareed Govt. College RYK, Pakistan

2013 - 2015

LANGUAGES

English
Proficient

Urdu
Native

Hindi
Native

SKILLS

Redux

Firebase/Realtime Database

React Navigation

Firebase/Authentication

Firebase/Cloud Firestore

Firebase/Cloud Functions
